## Alliance Member Services Contact Information

If you have any questions about this handbook, your benefits or how to get care, please call us at **1-800-700-3874** (TTY for the hearing-impaired at 1-800-735-2929). It is our job to help you understand your health plan and how to use it. Our Representatives speak English and Spanish. We use a telephone language line for members who speak other languages.

You can reach one of our Member Services Representatives Monday-Friday between 8:00 a.m. and 5:30 p.m. You can also visit our Web site, **[www.thealliance.health](http://www.thealliance.health)**.

## Message from Alliance pharmacy department

Central California Alliance for Health (The Alliance), contracts with a company called MedImpact for pharmacy services. The Alliance, with direction from MedImpact's Pharmacy & Therapeutics (P&T) Committee, has developed this formulary to be used by Alliance providers and Alliance Care IHSS members.

The P&T committee will continue to update and revise this formulary based on quality of care considerations and sound financial principles. **The Alliance requires mandatory generic substitution whenever an equivalent product is available.** However, clinicians may prescribe a Brand Name drug with a "do not substitute" order when there is clinical justification for doing so. In the latter case, a Prior Authorization must be submitted to MedImpact for consideration prior to dispensing the drug to an Alliance member.

Over-the-counter (OTC) drugs are not a covered benefit for Alliance Care IHSS health plan, except for loratadine, cetirizine, fexofenadine, ketotifen, prenatal vitamins, nicotine patches and gum, OTC contraceptives and diabetic supplies. OTC contraceptives include emergency contraceptives (levonorgestrel), contraceptive sponges, spermicide, male/female condoms, and oral birth control pills. There is more information about symbols used in the formulary in the Informational section.

The formulary can be changed every month. After quarterly P&T committee meetings, formulary changes are effective at the start of next quarter (January, April, July, October). Changes to the formulary may include: adding or removing coverage requirements or limits, addition of/ or removal of prior authorization requirements. If you are negatively affected by the formulary change, the Alliance will notify you 60 days before the change becomes effective. See the Informational section for more details on the formulary symbols and what they mean.

The Alliance will not make changes to the drug tiers as a result of P&T committee, that would result in a higher copayment amount. Please see drug tier section for more information.

## Definitions

---

### **Brand Name Drug**

A drug that is marketed under a proprietary, trademark protected name. The brand name drug shall be listed in all CAPITAL letters.

### **Coinsurance**

A percentage of the cost of a covered health care benefit that an enrollee pays after the enrollee has paid the deductible, if a deductible applies to the health care benefit, such as the prescription drug benefit.

### **Copayment**

A fixed dollar amount that an enrollee pays for a covered health care benefit after the enrollee has paid the deductible, if a deductible applies to the health care benefit, such as a prescription drug benefit.

### **Coordination of Benefits**

Means that if you have more than one insurance carrier, there is a specific order as to which insurance will pay first and which will pay last. The one that is billed first is your primary insurance. The insurance that is billed next is your secondary insurance. Even if you have more than one insurance carrier, the provider cannot collect more than the rate set by the insurance carriers. If you have questions about which insurance is your primary, please call Member Services.

### **Deductible**

Is the amount an enrollee pays for covered health care benefits before the enrollee's health plan begins payment for all or part of the cost of the health care benefit under the terms of the policy.

### **Drug Tier**

Is a group of prescription drugs that corresponds to a specified cost sharing tier in the health plan's prescription drug coverage. The tier in which a prescription drug is placed determines the enrollee's portion of the cost for the drug.

### **Enrollee**

Is a person enrolled in a health plan who is entitled to receive services from the plan. All references to enrollees in this formulary template shall also include subscribers as defined in this section below.

### **Exception request**

Is a request for coverage of a prescription drug. If an enrollee, his or her designee, or prescribing health care provider submits an exception request for coverage of a prescription drug, the health plan must cover the prescription drug when the drug is determined to be medically necessary to treat the enrollee's condition.

**Exigent circumstances**

When an enrollee is suffering from a health condition that may seriously jeopardize the enrollee's life, health, or ability to regain maximum function, or when an enrollee is undergoing a current course of treatment using a nonformulary drug.

**Formulary**

The complete list of drugs preferred for use and eligible for coverage under a health plan product, and includes all drugs covered under the outpatient prescription drug benefit of the health plan product. Formulary is also known as a prescription drug list.

**Generic drug**

Is the same drug as its brand name equivalent in dosage, safety, strength, how it is taken, quality, performance, and intended use. A generic drug is listed in ***bold and italicized lowercase*** letters.

**Medical Supplies**

MedImpact will review authorization requests for blood glucose meters, test strips, lancets, insulin syringes and needles. All other requests for medical supplies will need to be sent to the Alliance Utilization Management department. The fax number for the Utilization Management department is (831) 430-5850.

**Medically Necessary**

Those health care, mental health care and substance use disorder services or products that are (a) furnished in accordance with professionally recognized standards of practice; (b) determined by the treating provider to be consistent with the medical condition, mental illness or substance use disorder; and (c) furnished at the most appropriate type, supply and level of service that consider the potential risks, benefits and alternatives.

**Member**

A person who becomes enrolled (enrollee) in Central California Alliance for Health to receive health care. In this formulary, a Member is also referred to as "you."

**Nonformulary drug**

A prescription drug that is not listed on the health plan's formulary.

**Out-of-pocket cost**

Are copayments, coinsurance, and the applicable deductible, plus all costs for health care services that are not covered by the health plan.

**Over the counter (OTC)**

A medicine or product available for retail sale, but which can be considered for payment by the plan with a valid prescription.

**Prescribing provider**

A health care provider authorized to write a prescription to treat a medical condition for a health plan enrollee.

**Prescription**

Is an oral, written, or electronic order by a prescribing provider for a specific enrollee that contains the name of the prescription drug, the quantity of the prescribed drug, the date of issue, the name and contact information of the prescribing provider, the signature of the prescribing provider if the prescription is in writing, and if requested by the enrollee, the medical condition or purpose for which the drug is being prescribed.

**Prescription drug**

A drug that is prescribed by the enrollee's prescribing provider and requires a prescription under applicable law.

**Prior Authorization**

A health plan's requirement that the enrollee or the enrollee's prescribing provider obtain the health plan's authorization for a prescription drug before the health plan will cover the drug. The health plan shall grant a prior authorization when it is medically necessary for the enrollee to obtain the drug. The Alliance contracts with a company called MedImpact to review prior authorization requests.

**Step Therapy**

A process specifying the sequence in which different prescription drugs for a given medical condition and medically appropriate for a particular patient are prescribed. The health plan may require the enrollee to try one or more drugs to treat the enrollee's medical condition before the health plan will cover a particular drug for the condition pursuant to a step therapy request. If the enrollee's prescribing provider submits a request for step therapy exception, the health plans shall make exceptions to step therapy when the criteria is met.

**Subscriber**

Means the person who is responsible for payment to a plan or whose employment or other status, except for family dependency, is the basis for eligibility for membership in the plan.

## Using Your Health Plan Formulary

---

### **There are a few ways to look up a drug in the formulary:**

1. You can find a drug by looking for the therapeutic category of the drug in the categorical list of prescription drugs. This list is in the Table of contents. If you choose a therapeutic class in the Table of contents, you can double click on the name and it will take you to the drugs in the class listing.
  - a. If you are using an electronic version of the drug list, you can also use the PDF Search Function by pressing Ctrl + F on your computer keyboard. Type the name of the therapeutic class you are looking for in the search box.
  - b. If you are using a print version of the drug list, you can search for the name of the therapeutic class in the Table of Contents or the Index at the end of this guide.
2. If you have the generic or brand name of the drugs, you can also use the Index of prescription drugs. You can find the Index in the Table of contents.
  - a. If you are using an electronic version of the drug list, you can use the PDF Search Function by pressing Ctrl + F on your computer keyboard. Type the generic or brand name of the drug you are looking for in the search box.
  - b. If you are using a print version of the drug list, you can search for the generic or brand name of the drug in the Index at the end of this guide.
  - c. If a generic equivalent of a brand name drug is not available or is not covered, the drug will not be listed separately by its generic name in the formulary.
3. You can call member services and ask them to help you find out if your drug is covered on the formulary. You can request a paper copy of the formulary by contacting Member Services.
4. You can ask your doctor to call MedImpact to ask if a drug is covered or ask your doctor to look up the formulary document online. The Alliance formulary is located on the Member Services webpage but it is also available for providers on the Provider webpage.

### How drugs are listed in the categorical list of prescriptions drugs:

1. Drugs are listed alphabetically by its brand and generic names in the therapeutic category and class to which it belongs.
2. If a drug is on the formulary as branded drug, the brand name will be listed in all CAPITAL letters. The generic name of a brand name drug is included after the brand name in parenthesis and all ***bold and italicized lowercase*** letters.
3. If a generic equivalent for a brand name drug is available, and both the brand name and generic equivalents are covered, the generic drug will be listed separately from the brand name drug in all ***bold and italicized lowercase*** letters.
4. In the event a generic drug is marketed under a proprietary, trademark protected brand name, the brand name will be listed after the generic name in parentheses and regular typeface with first letter of each word capitalized.

a. example: Claravis

Prescription Drug Name	Drug Tier	Coverage Requirements and Limits
<b><i>isotretinoin</i></b> ( <u>Claravis</u> Oral Capsule 10 Mg, 20 Mg, 30 Mg, 40 Mg)	Tier 1	
<b><i>isotretinoin oral capsule 10 mg, 20 mg, 30 mg, 40 mg</i></b>	Tier 1

<b>PA</b>	Prior Authorization is required. We require advanced approval of coverage on some drugs before they will be paid for. If Prior Authorization is required for a drug or dosage form, providers must show you have a medically accepted use for the drug and other treatments have not worked or are not appropriate. Other requirements may apply depending on the drug.
<b>QL</b>	Quantity Limits apply. We will pay for a maximum daily amount based on information about the drug's medically accepted use and cost.
<b>SP</b>	Drug is a specialty drug and can only be dispensed by a specialty pharmacy in MedImpact Direct Specialty network.
<b>ST</b>	Step Therapy is required. If we have paid for you to have the required step therapy drug(s) in the past, this drug will be paid for at the pharmacy without need for a Prior Authorization or step therapy exception request. The drug list will show you which drugs are required first.

## Getting Pharmacy Benefits

---

### **Drugs given in a doctor's office or drugs covered under the medical benefit**

Your doctor will know what drugs these are. If your doctor prescribes these, your doctor can contact us for more information about obtaining these drugs for you. These drugs can be given to you in different ways, sometimes through an injection in your vein, skin or other body part. There are no coinsurance amounts for these drugs.

Your doctor can ask about coverage restrictions or submit a prior authorization by calling Alliance Provider Services at 831-430-5504 or by calling Alliance Pharmacy at 831-430-5507. Your doctor can also fax a prior authorization to us, or use our online prior authorization portal.

If you have questions about coverage for drugs given to you in a doctor's office, you can call Member Services at (800) 700-3874. These drugs are not listed on the Formulary.

### **What your doctor can prescribe**

Your PCP has a list of drugs that are approved by the Plan. This list is called a formulary. A group of doctors and pharmacists reviews and updates the formulary list every year to make sure that the drugs on it are safe and useful. If your doctor thinks that you need to take a drug that isn't on this list, or if your doctor feels you need a drug that isn't usually prescribed for the specific medical condition you have, your doctor can send a request for prior authorization to MedImpact. The presence of a prescription drug on the formulary does not guarantee that it will be prescribed by your doctor for a particular medical condition.

You or your doctor can request that the pharmacy fill only part of the prescription at one time. You would get the rest of the prescribed amount later. This is called a "partial fill" and applies only to what are called Schedule 2 drugs. These are drugs like opioids and stimulants. Your copayment on a partial fill will be prorated and will be less than the copayment stated in the drug tier section.

Your pharmacy can call MedImpact to ask for a 5-day emergency supply override for you at any time.

### **How to get prior authorization for a drug**

The Alliance contracts with a company called MedImpact to review prior authorization requests. Drugs that require a prior authorization are noted with the symbol "PA" on the formulary guide.

The request for prior authorization lets MedImpact know why you need that drug. Prior authorization means that both your doctor and the Plan's Contractor, MedImpact agree that the services you will receive are medically necessary. MedImpact will need to approve the request before covering that drug for you. When there is more than one

drug that is appropriate for the treatment of a medical condition, MedImpact may require your doctor to try the preferred drug first, before requesting authorization to prescribe any of the others. This is known as “step therapy.” Your provider may request an exception to the step therapy process for a prescription drug. This is called a “step therapy exception” request.

When MedImpact gets a request for prior authorization or step therapy exception for a drug, MedImpact will reply to your doctor within 24 hours from the receipt of an urgent request and 72 hours from the receipt of a routine request. If MedImpact does not respond within this time frame, the request is considered to be approved. Authorization requests for exigent circumstances will be given priority and a 72-hour supply of the covered outpatient drug will be dispensed until a determination has been made or the 24-hour period has expired. Please see the “Definitions” section of this document for an explanation of the term “exigent circumstances.”

If MedImpact approves the request, then you can get the drug. If MedImpact denies the request, you have the right to file a complaint. As part of the grievance process, you, your personal representative or your provider may ask for an external exception review. This means MedImpact would send the authorization request and the information MedImpact received from your provider to an outside physician who would review MedImpact’s decision. For more information on how to file a complaint or asking for an external exception review, please call Member Services at **1-800-700-3874**. The Alliance Care IHSS health plan Member Handbook contain all of your appeal rights and procedures too.

The Plan will not limit or exclude coverage for a drug you are taking if the drug had been previously approved for coverage by the Plan and your doctor continues to prescribe the drug, as long as the drug is appropriately prescribed and is considered safe and effective for treating your medical condition. This does not mean that your doctor cannot choose to prescribe a different drug or that a generic equivalent of the drug cannot be substituted.

### **How to find a pharmacy**

If you are filling or refilling a prescription, you must get your prescribed drugs from a pharmacy that works with the Alliance. We contract with a company called MedImpact for pharmacy services and we use their network of pharmacies. You must go to one of these pharmacies for your prescription drugs. Some of the pharmacies have locations throughout California.

You can find a list of pharmacies that work with the Alliance in the Alliance Provider Directory at <https://thealliance.health/MedimpactLocator>.

You can also find a pharmacy near you by calling Member Services at **800-700-3874** (TTY 800-735-2929 or 711).

Once you choose a pharmacy, take your prescription to the pharmacy. Give the pharmacy your prescription with your Alliance ID card. Make sure the pharmacy knows

about all drugs you are taking and any allergies you have. If you have any questions about your prescription, make sure you ask the pharmacist.

If you need to get a prescription filled at an out-of-area pharmacy because of an emergency or for treatment of an urgent medical condition, please ask the pharmacy to call MedImpact at 1-800-788-2949. MedImpact will explain to the pharmacy how they can bill for the drug.

Your pharmacy can also call MedImpact to get a 5-day emergency supply of drugs for you. If there is a State of emergency issued in your local area, your pharmacy can also call MedImpact to get an emergency override for your drugs.

Some drugs are known as specialty drugs. These drugs may have special handling or storage requirements or you will need extra guidance from a care team at the pharmacy for that drug.

The Alliance has a specialty pharmacy network called MedImpact Direct Specialty. The specialty drugs are required to be filled at a pharmacy in MedImpact Direct Specialty network. These specialty drugs are shown on the formulary with an “SP” symbol. If you have any questions, you can call MedImpact Direct Specialty at 1-877-391-1103.

The Alliance also offers a mail order pharmacy program. Did you know you can get a 90-day supply of most prescription drugs mailed to you through Birdi. Talk to your doctor about getting a 90-day supply with free standard delivery. To set-up mail order for your drugs, visit <https://www.medimpact.com/homedeliverymembers> or call 855-873-8739.
